RE: <License type> License #

Our records indicate that you failed to renew your <License type> license for 2009-2010 license year because you did not pay your renewal before June 30, 2009. Your license has been terminated effective June 30, 2009. Your company is prohibited from engaging in related activity until you are properly licensed.

If you believe our records are in error regarding your payment for the 2009-2010 renewal, you must provide documentation verifying payment in order to be eligible for 2009-2010 renewal. Otherwise, you will have to reapply for this license.

Please contact Agent Services Division at (919) 807-6800 if you have any questions.

Sincerely,

Agent Services Division
