O0633 - Youth Firesetting Prevention and Intervention: Level I

**Curriculum: Fire Prevention: Management**

This two-day course is based on the requirements of NFPA Standard 1035 pertaining to the Youth Firesetting Intervention Specialist Level I. This course empowers students with a broad understanding of the knowledge, skills, and abilities the Youth Firesetting Intervention Specialist I should meet as requirements of NFPA Standard 1035 pertaining to youth firesetting. This course is for the practitioner who provides services at the program delivery level.

The course covers the following:
- Review of the NFPA 1035 Standard for Youth Firesetting Intervention Specialist I.
- The extent of the youth firesetting problem and justification for local youth firesetting prevention and intervention programs.
- Examination of the typologies of firesetting and the motivation behind firesetting behaviors.
- Identification, intake, screening, disposition, and follow-up.
- Youth firesetting educational interventions.

At the completion of the course, the student will be able to:
- Explain national trends in youth firesetting and compare those trends to the statistics from their home communities.
- Classify the typologies of youth firesetting.
- Explain intervention options to mitigate youth firesetting behavior.
- Present an educational intervention for a Youth Firesetting Prevention and Intervention Program.

**Selection criteria**

Students must have or will have responsibilities as the practitioner who provides services at the program delivery level. This includes the person who is responsible for the identification, intake, screening, educational intervention, follow-up and evaluation of the program services and results. Students representing the fire service are encouraged to partner with other agencies for this training. Partners can include but are not limited to fire investigators, law enforcement, mental health, social services, juvenile justice or other stakeholders who can assist in building and maintaining programs in their communities.
O0634 - Youth Firesetting Prevention and Intervention: Level II

Curriculum: Fire Prevention: Management

This two-day course is based on the requirements of NFPA Standard 1035 pertaining to the Youth Firesetting Intervention Specialist Level II. The course is designed for the person who is responsible or will be responsible for leading a youth firesetting prevention and intervention program.

The course covers the following:
• Review of the NFPA 1035 Standard for Youth Firesetting Intervention Specialist II.
• Leading a youth firesetting prevention and intervention program.
• Program development.
• Program evaluation.

At the completion of the course, student will be able to:
• Explain the differences between NFPA Standard 1035 Level I and II Youth Firesetting Intervention Specialist.
• Summarize the overall job performance requirements of a youth firesetting prevention and intervention program.
• Develop a youth firesetting prevention and intervention program in their community.
• Demonstrate how to evaluate a youth firesetting prevention and intervention program.

Selection criteria

Students must have or will have responsibilities related to developing, implementing, coordinating and/or managing a youth firesetting prevention and intervention program in their community. Students representing the fire service are encouraged to partner with other agencies for this training. Partners can include but are not limited to fire investigators, law enforcement, mental health, social services, juvenile justice or other stakeholders who can assist in building and maintaining programs in their communities.
