Summary of Benefits
January 1, 2015 - December 31, 2015

This booklet gives you a summary of what we cover and what you pay. It doesn’t list every service that we cover or list every limitation or exclusion. To get a complete list of services we cover, call us and ask for the “Evidence of Coverage.”

You have choices about how to get your Medicare benefits

• One choice is to get your Medicare benefits through Original Medicare (fee-for-service Medicare). Original Medicare is run directly by the Federal government.
• Another choice is to get your Medicare benefits by joining a Medicare health plan (such as HumanaChoice R5826-079 (Regional PPO)).

Tips for comparing your Medicare choices

This Summary of Benefits booklet gives you a summary of what HumanaChoice R5826-079 (Regional PPO) covers and what you pay.
• If you want to compare our plan with other Medicare health plans, ask the other plans for their Summary of Benefits booklets. Or, use the Medicare Plan Finder on http://www.medicare.gov.
• If you want to know more about the coverage and costs of Original Medicare, look in your current "Medicare & You" handbook. View it online at http://www.medicare.gov or get a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.

SECTION 1 (continued)

Who can join?

To join *HumanaChoice R5826-079 (Regional PPO)*, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, and live in our service area.

Our service area includes the following: North Carolina and Virginia.

Which doctors, hospitals, and pharmacies can I use?

*HumanaChoice R5826-079 (Regional PPO)* has a network of doctors, hospitals, pharmacies, and other providers. If you use the providers in our network, you may pay less for your covered services. But if you want to, you can also use providers that are not in our network.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs.

Some of our network pharmacies have preferred cost-sharing. You may pay less if you use these pharmacies.

You can see our plan's provider directory at our website ([http://www.humana.com/members/tools](http://www.humana.com/members/tools)).

You can see our plan's pharmacy directory at our website ([http://www.humana.com/Medicare/medicare_prescription_drugs](http://www.humana.com/Medicare/medicare_prescription_drugs)).

Or, call us and we will send you a copy of the provider and pharmacy directories.

What do we cover?

Like all Medicare health plans, we cover everything that Original Medicare covers - and more.

- Our plan members get *all of the benefits covered by Original Medicare*. For some of these benefits, you may pay more in our plan than you would in Original Medicare. For others, you may pay less.
- Our plan members also get *more than what is covered by Original Medicare*. Some of the extra benefits are outlined in this booklet.

We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.

- You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website, [http://www.humana.com/medicare/medicare_prescription_drugs/medicare_drug_tools/medicare_drug_list/](http://www.humana.com/medicare/medicare_prescription_drugs/medicare_drug_tools/medicare_drug_list/).
- Or, call us and we will send you a copy of the formulary.

How will I determine my drug costs?

Our plan groups each medication into one of five "tiers." You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug's tier and what stage of the benefit you have reached. Later in this document we discuss the benefit stages that occur after you meet your deductible: Initial Coverage, Coverage Gap, and Catastrophic Coverage.

Please note that you will still need to pay your monthly premiums and cost-sharing for your Part D prescription drugs.</td>

If you reside in a long-term care facility, you pay the same as at a retail pharmacy.
You may get drugs from an out-of-network pharmacy, but may pay more than you pay at an in-network pharmacy.

Days’ Supply Available
Unless otherwise specified, you can get your Part D medicine in the following days’ supply:
- One-month supply = up to 30 days
- Two-month supply = 31-60 days
- Three-month supply = 61-90 days
*Long Term Care Pharmacy (one month supply = 31 days)

Coverage Gap
Most Medicare drug plans have a coverage gap (also called the "donut hole"). This means that there’s a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches $2,960.
After you enter the coverage gap, you pay 45% of the plan’s cost for covered brand name drugs and 65% of the plan’s cost for covered generic drugs until your costs total $4,700, which is the end of the coverage gap. Not everyone will enter the coverage gap.

Catastrophic Coverage
After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach $4,700, you pay the greater of:
- 5% of the cost, or
- $2.65 copay for generic (including brand drugs treated as generic) and a $6.60 copayment for all other drugs

Covered dental services are subject to conditions, limitations, exclusions, and maximums. Please see your Evidence of Coverage for details.

*Network dentists have agreed to provide services at an in-network rate. If you see a network dentist, you can't be billed more than the in-network rate.

**Non-network dentists haven't agreed to provide services at an in-network rate. Humana negotiates rates for dental services. When you see a non-network dentist, you'll pay your part of the negotiated rate (your coinsurance). If your dentist charges more than that rate, you may have to pay more.

***Composite resin restorations (fillings) benefit as follows:

- Anterior (front) teeth: Composite restoration benefit as previously displayed
- Posterior (back) teeth: The benefit for a composite restoration will be based on the cost of an amalgam restoration. Member is responsible for the remaining cost difference between a composite restoration and an amalgam restoration.
Humana MyOption Optional Supplemental Benefits (OSB) are only available to members of certain Humana Medicare Advantage (MA) plans. Members of Humana plans that offer OSBs may enroll in OSBs throughout the year. Benefits may change on January 1st each year. Enrollees must continue to pay the Medicare Part B premium, their Humana premium, and the OSB premium.
