Introduction to Summary of Benefits

Thank you for your interest in the AARP MedicareRx Plans. Our plans are offered by UnitedHealthcare® Insurance Company or UnitedHealthcare Insurance Company of New York for New York residents, a Medicare Prescription Drug Plan that contracts with the Federal government. This Summary of Benefits tells you some features of our plans. It doesn't list every drug we cover, every limitation, or exclusion. To get a complete list of our benefits, please call the AARP MedicareRx Plans and ask for the "Evidence of Coverage."

You have choices in your Medicare Prescription Drug Coverage.

As a Medicare beneficiary, you can choose from different Medicare prescription drug coverage options. One option is to get prescription drug coverage through a Medicare Prescription Drug Plan, like the AARP MedicareRx Plans. Another option is to get your prescription drug coverage through a Medicare Advantage Plan that offers prescription drug coverage. You make the choice.

How can I compare my options?

The charts in this booklet list some important drug benefits. You can use this Summary of Benefits to compare the benefits offered by the AARP MedicareRx Plans to the benefits offered by other Medicare Prescription Drug Plans or Medicare Advantage Plans with prescription drug coverage.

Where are the AARP MedicareRx Plans available?

The service area for these plans includes:

North Carolina

You must live in one of these areas to join these plans. If you move out of the state or county where you currently live to a state listed above, you must call Customer Service to update your information. If you don't, you may be disenrolled from the AARP MedicareRx Plans. If you move to a state not listed above, please call Customer Service to find out if UnitedHealthcare has a plan in your new state or county.

There is more than one plan listed in this Summary of Benefits. If you are enrolled in one plan and wish to switch to another plan, you may do so only during certain times of the year. Please call Customer Service for more information.

Who is eligible to join?

You can join these plans if you are entitled to Medicare Part A and/or enrolled in Medicare Part B and live in the service area.

If you are enrolled in an MA coordinated care (HMO or PPO) plan or an MA PFFS plan that includes Medicare prescription drugs, you may not enroll in a PDP unless you disenroll from the HMO, PPO or MA PFFS plan.

Enrollees in a private fee-for-service plan (PFFS) that does not provide Medicare prescription drug coverage, or an MA Medical Savings Account (MSA) plan may enroll in a PDP. Enrollees in an 1876 Cost plan may enroll in a PDP.

Where can I get my prescriptions?

The AARP MedicareRx Plans have formed a network of pharmacies. You must use a network pharmacy to receive plan benefits. We will not pay for your prescriptions if you use an out-of-network pharmacy, except in certain cases.

The AARP MedicareRx Plans have a list of preferred pharmacies. At these pharmacies, you may get your drugs at a lower copay or coinsurance. A non-preferred pharmacy is still a network

pharmacy, but you may have to pay more for your prescription drugs.

The pharmacies in our network can change at any time. You can ask for a Pharmacy Directory or visit us at www.AARPMedicarePlans.com/tools/aarp-pharmacy.html. Our Customer Service number is listed at the end of this introduction.

Does my plan cover Medicare Part B or Part D drugs?

The AARP MedicareRx Plans do not cover drugs that are covered under Medicare Part B as prescribed and dispensed. Generally, we only cover drugs, vaccines, biological products and medical supplies that are covered under the Medicare Prescription Drug Benefit (Part D) and that are on our formulary.

What is a Prescription Drug Formulary?

The AARP MedicareRx Plans uses a formulary. A formulary is a list of drugs covered by your plan to meet patient needs. We may periodically add, remove, or make changes to coverage limitations on certain drugs or change how much you pay for a drug. If we make any formulary change that limits our members' ability to fill their prescriptions, we will notify the affected enrollees before the change is made. We will send a formulary to you and you can see our complete formulary on our website at www.AARPMedicarePlans.com/tools/find-prescription-drugs.html?type=PDP.

If you are currently taking a drug that is not on our formulary or subject to additional requirements or limits, you may be able to get a temporary supply of the drug. You can contact us to request an exception or switch to an alternative drug listed on our formulary with your physician's help. Call us to see if you can get a temporary supply of the drug or for more details about our drug transition policy.

What should I do if I have other insurance in addition to Medicare?

If you have a Medigap (Medicare Supplement) policy that includes prescription drug coverage, you must contact your Medigap Issuer to let them know that you have joined a Medicare Prescription Drug Plan. If you decide to keep your current Medigap

supplement policy, your Medigap Issuer will remove the prescription drug coverage portion of your policy. Call your Medigap Issuer for details.

If you or your spouse has, or is able to get, employer group coverage, you should talk to your employer to find out how your benefits will be affected if you join the AARP MedicareRx Plans. Get this information before you decide to enroll in these plans.

How can I get extra help with my prescription drug plan costs or get extra help with other Medicare costs?

You may be able to get extra help to pay for your prescription drug premiums and costs as well as get help with other Medicare costs. To see if you qualify for getting extra help, call:

- 1-800-MEDICARE (1-800-633-4227). TTY/TTD users should call 1-877-486-2048, 24 hours a day/7 days a week and see www.medicare.gov 'Programs for People with Limited Income and Resources' in the publication Medicare & You.
- The Social Security Administration at 1-800-772-1213 between 7 a.m. and 7 p.m., Monday through Friday. TTY/TDD users should call 1-800-325-0778 or
- Your State Medicaid Office.

What are my protections in these plans?

All Medicare Prescription Drug Plans agree to stay in the program for a full calendar year at a time. Plan benefits and cost-sharing may change from calendar year to calendar year. Each year, plans can decide whether to continue to participate with the Medicare Prescription Drug Plan Program. A plan may continue in their entire service area (geographic area where the plan accepts members) or choose to continue only in certain areas. Also, Medicare may decide to end a contract with a plan. Even if your Medicare Prescription Plan leaves the program, you will not lose Medicare coverage. If a plan decides not to continue for an additional calendar year, it must send you a letter at least 90 days before your coverage will end. The letter will explain your options for Medicare coverage in your area.

As a member of the AARP MedicareRx Plans, you have the right to request a coverage determination, which includes the right to request an exception, the right to file an appeal if we deny coverage for a prescription drug, and the right to file a grievance. You have the right to request a coverage determination if you want us to cover a Part D drug that you believe should be covered. An exception is a type of coverage determination. You may ask us for an exception if you believe you need a drug that is not on our list of covered drugs or believe you should get a non-preferred drug at a lower out-of-pocket cost. You can also ask for an exception to cost utilization rules, such as a limit on the quantity of a drug. If you think you need an exception, you should contact us before you try to fill your prescription at a pharmacy. Your doctor must provide a statement to support your exception request. If we deny coverage for your prescription drug(s), you have the right to appeal and ask us to review our decision. Finally, you have the right to file a grievance if you have any type of problem with us or one of our network pharmacies that does not involve coverage for a prescription drug. If your problem involves quality of care, you also have the right to file a grievance with the Quality Improvement Organization (QIO)

for your state. Please refer to the Evidence of Coverage (EOC) for the QIO contact information.

What is a Medication Therapy Management (MTM) Program?

A Medication Therapy Management (MTM) Program is a free service we offer. You may be invited to participate in a program designed for your specific health and pharmacy needs. You may decide not to participate but it is recommended that you take full advantage of this covered service if you are selected. Contact the AARP MedicareRx Plans for more details.

Where can I find information on plan ratings?

The Medicare program rates how well plans perform in different categories (for example, detecting and preventing illness, ratings from patients and customer service). If you have access to the web, you may use the web tools on www.medicare.gov and select “Health and Drug Plans” then “Compare Drug and Health Plans” to compare the plan ratings for Medicare plans in your area. You can also call us directly to obtain a copy of the plan ratings for these plans. Our Customer Service number is listed below.
