

Spot the Tot Rug

The Spot the Tot Rug is a tool used to educate drivers, parents and caregivers on the dangers that can occur from any direction of a vehicle. By using the rug, onlookers can see the risk of "back-over" or "front-over" incidents and the importance of always checking around vehicles for children.

The rug is designed to roll out behind a vehicle. The parent can sit in the driver's seat and observe how easily a child can be hidden from view. Make sure rug is smoothed out so as not to create a trip hazard.

Spot the Tot rug should be used on dry pavement. Do not use rug in the rain. Following the event make sure to vacuum the rug. Hang rug to dry if it becomes damp.

You will be responsible for making arrangements to have the rug returned within 4 business days by coordinating delivery to our office or shipping via Fed Ex, USPS or UPS to:

Lisa Blackmon
325 North Salisbury Street
Raleigh, NC 27603

In the event of damage, your agency will be responsible for repairs or replacement. If any damages or problems occur please report to: lisa.blackmon@ncdoi.gov or call 888-347-3737.
