## Good news for 2025

The Coverage Gap, or "donut hole", has been eliminated and your out-of-pocket maximum cost is lower than ever. That means you're more protected from high drug costs in 2025.

Prescription drug payment stages				
Deductible	There is no deductible for drugs in Tier 1 and 2. Your coverage for these drugs starts in the Initial Coverage stage.  There is a \$255 deductible for drugs in Tier 3, 4 and 5. You pay the full cost for your drugs in these tiers until you reach the deductible amount. Then you move to the Initial Coverage stage.			
Initial Coverage	In this stage, you'll pay your plan copays or coinsurance. The plan pays the rest. Once you, and others on your behalf, have paid a combined total of \$2,000, which includes the amount you paid towards your deductible, you move to the Catastrophic Coverage stage.
